Memorandum of Conversation with the Chief, Cable Secretariat

Subject: Office of Communications, Career Service Board
Responsibility for Cable Secretariat Personnel

1. In conversations with [] on 31 October 1952, it was developed that in accordance with CIA, Career Service instructions, there is a very clear requirement for Office of Communications, CSP handling of promotion and rotation of individuals assigned by this Office to the Cable Secretariat.

2. In our discussion of means for equitable and effective control of this Career Service program, [] has pointed out that there may be individuals assigned or employed in the Cable Secretariat who would not normally be rotated from or to the Office of Communications and particularly to its field offices. Accordingly, [] was the opinion that there may be some question as to whether these individuals should be under the Office of Communications Career Service program.
